

# AVISO and JPL, Altimetry surfing on the web

V. Rosmorduc (CLS, France),  
N. Picot (CNES, France),  
T. Nolan (JPL, USA)

Contacts:  
[aviso@cls.fr](mailto:aviso@cls.fr)  
[topex@jpl.nasa.gov](mailto:topex@jpl.nasa.gov)

## Children

Need:

- easy-to-understand explanations
- gadgets, fun things
- games

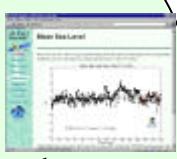

- On the web:
- classroom activities
  - educational website
  - fun facts
  - picture gallery

## Media & General Public

Need:

- updated information about environmental and climate issues
- images

- On the web:
- MSL and major event monitoring (like ENSO ...)
  - picture gallery
  - Image of the Month

## PIs

Need:

- information about the mission(s)
- demonstration of their work
- information about other people's work

On the web:

- CALVAL website
- scientific bibliography
- Image of the Month
- online Newsletter and Bulletin
- applications
- mission status
- SWT posters

## Joint website

[www.tp-jason.oceanobs.com](http://www.tp-jason.oceanobs.com)

A portal for altimetry

## Students & Teachers

Need:

- material for courses and projects
- bibliography
- images

- On the web:
- picture gallery
  - bibliography
  - tutorials

## Altimetry users

Need:

- data, products, online handbooks
- demonstration of their work
- information about other people's work
- information about data quality

- On the web:
- Image of the Month
  - online Newsletter
  - scientific bibliography
  - catalogue
  - applications
  - validation reports

## Marine Science Users

Need:

- information about uses of altimetry, including operational uses
- how to use altimetry

- On the web:
- applications
  - tutorials
